

FIRST FLOOR

Auditorium 1

The Brighton Centre's Auditorium 1 is the setting for major political and international conferences, prestige exhibitions, grand banquets and product launches. It is valued by corporate event organisers and production companies needing a very large adaptable space to create branded sets within.

With a flat floor area of just under 2,000m², exhibition organisers can benefit from a large uninterrupted space. For conferences, the seating can be laid out in any configuration and with the use of the three balconies, the maximum seating capacity reaches an impressive 4,450.

Auditorium 1 is flanked on either side by the spacious East and West bars and landings. There is plenty of additional space for fast refreshment breaks, networking areas or additional exhibition stands.

To car parks and shopping centre

Capacity

Auditorium 1

Theatre	4,450
Classroom	800
Banquet	1,000
Cabaret	800
Standing Reception	2,500
