# Where Brighton & the World meet

Combining a seaside location with a vibrant city atmosphere, Brighton is one of England's most accessible and compact cities for national and international events. Nestling between the South Downs and the sea, the city's Regency squares and crescents provide a golden backdrop to the restaurants and bars, pubs and cafes, and dozens of clubs and live music venues which make Brighton such a great place to relax as well as do business.

Top attractions to enjoy whilst in Brighton include the world famous Royal Pavilion, summer palace of King George IV, Brighton Marina with its boardwalk of bars and restaurants, all enjoying spectacular sea views, and the exciting Brighton Pier, one of England's top free tourist attractions.

With five shopping districts including the famous and historic Lanes and North Laine, over 400 restaurants and the sparkling nightlife, the only commodity in short supply will be time.

## AT A GLANCE

## GROUND FLOOR

### Foyer

The Brighton Centre's Foyer is an impressive, light and spacious entrance. With one entire wall of glass entrance doors and marble flooring, even the busiest registration demands can be met with ease and style.

The open-plan design enables event organisers to choose their own layout for maximising impact as their guests arrive. For large exhibitions using the Brighton Centre, it adds a valuable 1,300m<sup>2</sup> of additional space to the venue.

### Meeting Room 1

Meeting Room 1 is located to the back of the foyer and can be used as additional exhibition space or as a breakout facility. The room can be divided into sections with soundproof walling, giving a further two, three or four rooms. If the entrance foyer is being used for exhibition space it acts as an extension to the foyer giving a total of 1,760m<sup>2</sup> space on the ground floor.

## FIRST FLOOR

### Auditorium 1

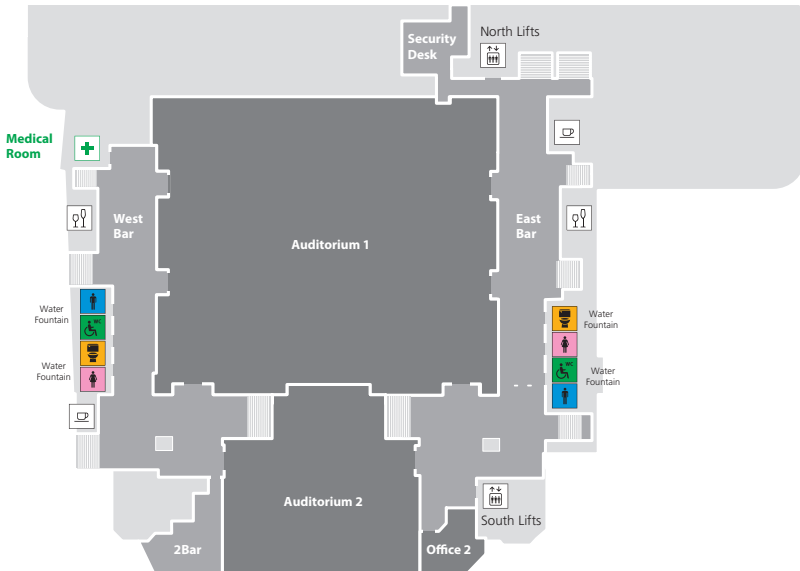

The Brighton Centre's Auditorium 1 is the setting for major political and international conferences, prestige exhibitions, grand banquets and product launches. It is valued by corporate event organisers and production companies needing a very large adaptable space to create branded sets within.

With a flat floor area of just under 2,000m<sup>2</sup>, exhibition organisers can benefit from a large uninterrupted space. For conferences, the seating can be laid out in any configuration and with the use of the three balconies, the maximum seating capacity reaches an impressive 4,450.

Auditorium 1 is flanked on either side by the spacious East and West bars and landings. There is plenty of additional space for fast refreshment breaks, networking areas or additional exhibition stands.

## FIRST FLOOR

### Auditorium 2

Auditorium 2 offers an excellent versatile meeting space. With a bank of windows down the length of one wall, delegates can enjoy uninterrupted views of the beachfront. Blackout facilities however, are also available. As the seating in Auditorium 2 is not fixed, the room can be laid out to the organisers' individual requirements.

Using the link room between Auditorium 1 and Auditorium 2, exhibition organisers can benefit from an additional 597m<sup>2</sup> of continuous floor space.

At either end of Auditorium 2 are smaller meeting spaces: Office 2 and 2Bar, which can work well as organisers' offices, speakers' rooms or for syndicate sessions.
